Professional Control Keyboards Series

YRS-51DP Video conference decoding Control Keyboard

Product model:

YRS-51DP

About the product :

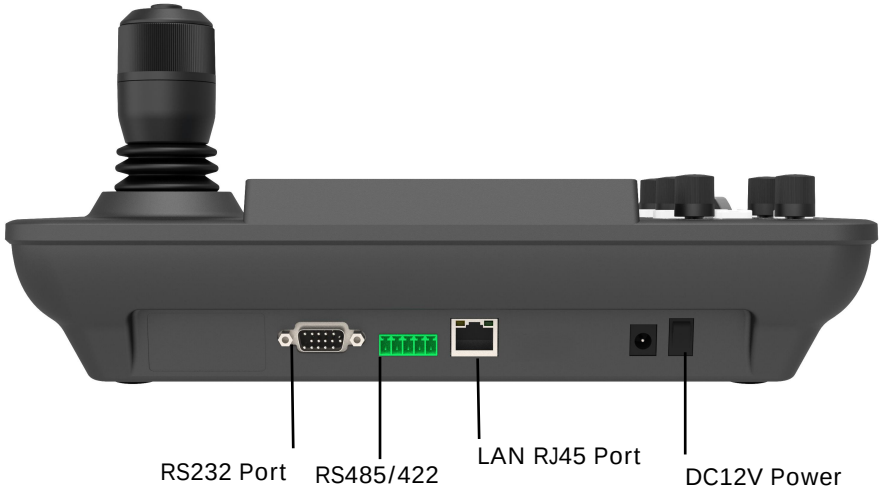

Product Overview:

YRS-51DP Conference Keyboard Controller— a control terminal specifically designed for camera video surveillance, equipped with a 5-inch HD screen and SSD202D processor, supporting 1280×720 resolution display

Key Features:

1.Support IP version and Analog version at same time.
2.5inch decoding LCD screen.
3.Support Visca, Visca(TCP), Visca(UDP), Snoy Visca, ONVIF, PELCO-P/D, NDI protocol.
4.Support 4D joystick control ptz function.
5.Seesaw switch control zoom speed.
6.Support IE web setting.
7.Support 7 buttons for CAM1 to CAM7, fast switch easily.
8.Support POE.

Product Dimensions and Interfaces:

Technical Specifications：

Technical Specifications：

Specifications	YRS-51DP
Chip	SSD202D
Display	Resolution 1280*720
Decoding capabilities	1）H264/H265 is supported 2）Supports up to H264 1080p@30fps
Agreement	1. Support Visca, Visca(TCP), Visca(UDP), Snoy Visca, ONVIF, PELCO-P/D, NDI protocol 2. Support customization
Key indicator light	White-Green Dual-color
Power dissipation	≤15W
Function	1）Support up to 254 device additions 2）Preset bits are supported 3）White balance control is supported 4）Independent scale control is supported 5）Exposure control is supported 6）Support multi-stage speed change of joystick
Operating accessories	Infinite，knob Keyboard Button Group; 4D Joystick; Self-resetting Rocket Switch
Output Interface	1 × RS485/422 Screw Terminal; 1 × RS232 DB9 Male Port; 1 × LAN RJ45 Port; 1 × DC12V Power Interface
Power supply	Standard 5.5/2.1 Power Interface, DC 12V2A±10%
MTBF	＞10000 hours
Working Humidity	10%~90% non-condensating
Store Temperature	-10℃~55℃
Inner package size	340mm*268mm*140mm
